DETAILED ACTION

This restriction is in response to Applicants amendments to the claims in their Reply filed on January 29, 2007.

Claims 1, 2, 5, 7-27 are pending.

Claims 11-16 and 20-27 are withdrawn.

Claims 1, 2, 5, 7-10, 17-19 are under examination.

SPECIES ELECTION

This application contains claims directed to the following patentably distinct species of the claimed invention. Applicants are required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

(i). The elected claims are subject to election of at least one of the disclosed species.

Claims 1 and 10 are generic to a plurality of disclosed patentably distinct species of Fz proteins whereby the Fz proteins are selected from the group consisting of: (a) **Fz 6** (b) **Fz 7** and (c) **Fz 8**. The species are independent or distinct because they are structurally different molecules.

(ii). The elected claims are subject to election of at least one of the disclosed species.

Claims 1 and 10 are generic to a plurality of disclosed patentably distinct species of Wnt antagonists whereby the Wnt antagonists are selected from the group consisting of: (a) **small molecules** (b) **antibody or antibody fragment**. The species are independent or distinct because they are structurally different molecules.

Art Unit: 1642

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
